

# Curly Tail® Grubs

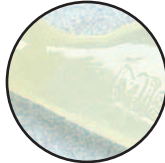

Perfect for both saltwater and freshwater gamefish

Everyone knows a Mister Twister® Curly Tail® Grub, rigged with a Mister Twister® jighead, is one of the most effective fishing lures ever. Mister Twister® invented the CurlyTail® Grub - the original Mister Twister® - more than 25 years ago. Today, grub fishing is even better with the Exude™ Curly Tail® Grub. Rig it to a jighead with just enough weight to get you down to where you want to fish. Then, fish it with a slow, steady twitch. While Exude™ lures are great for saltwater fishing, this is one Exude™ product that truly will catch just about anything that swims.

## Exude™ 4¼" D.A.R.T

The Exude™ D.A.R.T. mimics juvenile bait fish. When rigged with a jighead the D.A.R.T. will stand up from the bottom. This action is irresistible to redfish, trout, snook, and flounder. In addition the D.A.R.T. has ten ribs on its underside. These ribs have two functions:

- 1) To displace water creating a turbulence that kicks up bottom sediment mimicking feeding bait fish.
- 2) To increase the surface area that allows maximum release of the Exude™ formula, creating a scent trail that fish can detect and recognize as food.

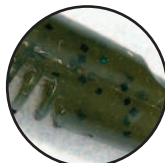

The D.A.R.T.'s round solid body gives this lure additional weight making casting or skipping it a breeze, even against a stiff wind. The D.A.R.T. is a real winner, catching fish in both salt and fresh water.
