Mister Twister Micros Just like the Real Thing

Mister Twister calls it "Micro Mania." There's the Mister Twister 1-1/4" Micro Crawfish, 1-1/8" Micro Shad and 1-1/4" Mister Twister Nymph. These tiny soft plastic delicacies add a new dimension to finesse fishing. They'll fool the most cautious trout, slab crappie or big bream.

Designed to mimic Mother Nature, Mister Twister Micros come in carefully selected colors proven to catch trout and panfish.

- Micro Crawfish – The perfect duplication of a baby crawfish.
- Micro Shad – The Sassy Shad is one of the most popular lures of all time. Mister Twister downsized it to produce the Micro Shad.
- Mister Twister Nymph – Here's a lure that lets soft plastic fishermen "match the hatch." It's a perfect imitation of a mayfly nymph.

Rig any of these little lures on a 1/16 or 1/32 oz. jighead and bounce them along the bottom for a perfectly natural presentation. They are equally effective when fished on a single hook.
