Mister Twister 5" TUBO Does it All

What fish food source triggers the most violent and aggressive strikes ... a waterdog. What popular lure design is the #1 choice of so many fishermen ... a tube lure. The NEW Mister Twister® 5" TUBO with salt is a waterdog in a tube design. Why the salt? Salt is a very effective addition to soft plastic fishing lures, because it adds weight. This additional weight takes the lure down to the strike zone faster. Other fish-attracting features of the TUBO include . . .

- Red gills
- Fat tube design
- Natural marks and appearance

Fish it weightless for surface presentation, or rig it with a traditional tube jig head. The TUBO's NEW 5" tube design takes tube fishing to another level. The TUBO is available in 14 proven colors.
