

# SwimSation

Smokin' Shad shown

When Bass Elite Series Pro, Clent Davis requests a new bait, Mister Twister® listens. After 6 months of testing and refining, we had a bait with the exact swimming action Clent was looking for – a hybrid, with all the great features of the SinSation (page 4), plus an irresistible swimming action.

Front Curly Tail® arms produce lift, glide and pulsating visual attraction. An oversized paddle tail kicks wildly, even at slow speeds. The entire body is ribbed and covered with poc'it chambers to increase disturbance. Its tapered body allows the tail a greater range of motion than other swim baits.
